Subject: City claim
Date: Wednesday, September 02, 2009 7:35:08 AM

The Council considered your claim but declined to approve payment for attorney fees because you did not present evidence of wrongful conduct and because it was not clear that the expenditure of attorney fees was necessary to process your appeal. There was indication that a claim for the City filing fee would be favorably considered if such a claim were filed without reference to a claim for attorney fees.
